A. WHEREAS, Plaintiffs, United States of America (“United States”) and the State of Montana (“State”) have filed a joint complaint in this action, asserting claims under Section 1002 of the Oil Pollution Act, as amended (“OPA”), 33 U.S.C. § 2702, and also as to the State under Section 75-10-715 of the Montana Comprehensive Environmental Cleanup and Responsibility Act (CECRA), against Defendant Bridger Pipeline LLC. The complaint alleges that (i) on or about January 17, 2015, Defendant discharged crude oil from its Poplar Pipeline into and upon the Yellowstone River 6.5 miles upstream of Glendive, Montana, (ii) the Discharge resulted in injuries to, destruction of, loss of, or loss of use of natural resources belonging to, managed by, held in trust by, appertaining to, or otherwise controlled by the United States and the State, (iii) the United States Department of the Interior (“DOI”), through the United States Fish and Wildlife Service (“USFWS”) (referred to herein as the “Federal Trustee”) and the State, through the Montana Natural Resource Damage Program acting on behalf of the Governor (“State Trustee”), have incurred unreimbursed Natural Resource Damage Assessment Costs as a result of the Discharge, and (iv) Defendant is liable without limitation for natural resource damages for such injuries, destruction and losses, including Natural Resource Damage Assessment Costs, under OPA and CECRA.

B. WHEREAS, the Environmental Protection Agency deployed an on-scene coordinator to the spill location on January 19, 2015 to coordinate environmental assessment and response activities by Defendant and federal, state and local officials. The Defendant undertook further cleanup actions pursuant to a February 8, 2017 Administrative Order on Consent, Docket No. WQ-15-12, between the Montana Department of Environmental Quality and the Defendant. Pursuant to the order and under MDEQ oversight, the Defendant surveyed oiled areas, conducted

required cleanup activities, and conducted environmental sampling of sediments, groundwater, surface water, and public water supply.

C. WHEREAS, the Federal Trustee and State Trustee (collectively referred to herein as the “Trustees”) are both trustees of Natural Resources that the Trustees contend are or were injured as a result of the Discharge, and previously entered into a memorandum of understanding providing a framework for coordinating assessment and restoration efforts. The Trustees collected ephemeral data related to fish tissue and water quality and evaluated data collected by EPA, MDEQ, Defendant, and Montana Fish, Wildlife, and Parks, and evaluated other information to develop potential restoration actions. Timely implementation of the restoration activities that this settlement makes possible will further benefit Natural Resources impacted by the Discharge.

D. WHEREAS, Defendant has previously reimbursed the National Pollution Funds Center \$280,081.92 for Natural Resource Damage Assessment Costs incurred by the Trustees.

E. WHEREAS, by entering into this Consent Decree, Defendant does not admit the allegations in the complaint filed in this action.

F. WHEREAS, the Parties agree that settlement of this matter without further litigation is in the public interest and that the entry of this Consent Decree is the most appropriate means of resolving this action.

G. WHEREAS, the Parties agree, and by entering this Consent Decree the Court finds, that this Consent Decree: (1) has been negotiated by the Parties at arm’s length, in good faith, (2) will avoid prolonged litigation among the Parties; and (3) is fair, reasonable, and furthers the objectives of OPA.

H. The Defendant does not admit any liability arising out of the transactions or

occurrences alleged in this action.

NOW, THEREFORE, without adjudication of any issue of fact or law, except as provided in Section I (Jurisdiction) below, and with the consent of the Parties,

IT IS ADJUDGED, ORDERED AND DECREED as follows:

This Court has pendent jurisdiction over the state law claims pursuant to 28 U.S.C. § 1367(a). Venue lies in the District of Montana pursuant to 33 U.S.C. § 2717(b) and 28 U.S.C. § 1391. 15. Defendant shall pay stipulated penalties as provided below in this Section VII within thirty (30) days of receipt of written demand for such stipulated penalties.

16. Interest. If the Defendant fails to pay any stipulated penalties when due, Defendant shall pay interest on the unpaid balance of any stipulated penalties due, of which one-half of the accrued interest, shall be paid to the United States as Federal Interest in the manner specified in Paragraph 17.a, and one-half of the accrued interest, shall be paid to the State as State Interest in the manner specified in Paragraph 17.b. Such interest shall begin to accrue on the date thirty (30) days past the demand therefor.

17. Payment Instructions. All stipulated penalty and interest payments due under this Section VII shall be accompanied by a reference to this Consent Decree, be identified as “Stipulated Penalties,” and reference “Yellowstone River January 2015 Oil Spill.” Notice of payment of a stipulated penalty shall be made to the appropriate Trustees in the manner specified in Section XII (Notices).

a. Defendant shall pay any stipulated penalties and Federal Interest due to the

United States pursuant to this Section VII by FedWire Electronic Funds Transfer ("EFT") to the U.S. Department of Justice in accordance with written instructions to be provided to Defendant by the Financial Litigation Unit of the U.S. Attorney's Office for the District of Montana. b. Defendant shall pay any stipulated penalties and any related State Interest to the State by electronic funds transfer in accordance with instructions to be provided by the State. Such funds shall be deposited by the State in a general restoration account for assessment activities.

18. Notwithstanding any other provision of this Section, any Party entitled to a payment under Paragraphs 6, 7 or 8, may, in its unreviewable discretion, waive any portion of the stipulated penalties due to the Party that have accrued pursuant to this Consent Decree, as well as any related portion of the interest that has accrued thereon.

19. Nothing in this Consent Decree shall be construed as prohibiting, altering, or in any way limiting the ability of the United States or the State to seek any other remedies or sanctions available by virtue of Defendant's violation of this Consent Decree or of the statutes and regulations upon which it is based.

VIII. COVENANTS NOT TO SUE BY PLAINTIFFS

20. Except as provided in Section IX (Reservation of Rights by Plaintiffs), below, in consideration of the payments that will be made by Defendant under this Consent Decree, the

The State's reservation of claims for Natural Resource Damages in the MDEQ Administrative Order on Consent are subject to and extinguished by Section VII (Covenants Not to Sue by Plaintiffs) of this Consent Decree. Except as provided in this Subparagraph 22.g, nothing in this Consent Decree shall be construed in any way to limit or affect any provision in or any obligation of Settling Defendant under the MDEQ Administrative Order on Consent.

X. COVENANT NOT TO SUE BY THE DEFENDANT

23. Defendant hereby covenants not to sue and agrees not to assert or maintain any claims or causes of action against the United States or the State or their respective officials, employees, agents, contractors, departments, agencies, administrations and bureaus, related to Natural Resource Damages resulting from the Discharge, including but not limited to any direct or indirect claim under OPA §§ 1007, 1008, 1012, 1013 or 1015(a), 33 U.S.C. §§ 2707, 2708, 2712, 2713, 2715(a), the Environmental Quality Protection Fund (established pursuant to Section 75-10-704, Montana Code Annotated), or the Orphan Share Account (established pursuant to Section 75-10-743, Montana Code Annotated).
